

## IGCP- 659 ANNUAL MEETING Seismic Hazard and Risk in Africa

*Sousse (Tunisia), 25 - 28 November 2019*

The technical and scientific IGCP-659 meeting alongside with the 2<sup>nd</sup> Springer CAJG 2019 (cajg.org) addresses the topic on the seismic risk assessment in Africa. Presentations and discussion sessions are programmed on some targeted capital cities for the hazard and risk assessment. The IGCP-659 working group will meet in Sousse in order to establish plans for practical activities related with seismic risk reduction in selected major cities in Africa. <https://www.cajg.org/index.php?p=IGCP-659>

### Organizing Committee:

Mustapha Meghraoui (IPG Strasbourg)  
Paulina Amponsah (GAEC Accra)  
Vunganai Midzi (CGS, Pretoria)

NajlaBouden-Romdhane (ENIT, Tunis)  
Nejib Bahrouni (ONM, Tunis)  
Ahmed Ksentini (Sfax University)

The IGCP-659 session is organized in cooperation with  
**The 2<sup>nd</sup> Springer Conference of Arab Journal of Geosciences**  
(see venue and location at <https://www.cajg.org/index.php>)
